```java
package com.facade;

public class Client {

    public static void main(String[] args) {
        // TODO Auto-generated method stub
        //这里直接调用。。 很麻烦
        HomeTheaterFacade homeTheaterFacade = new HomeTheaterFacade();
        homeTheaterFacade.ready();
        homeTheaterFacade.play();

        homeTheaterFacade.end();
    }

}
```
